PLANET TUSCANY | LQ-8

Imagined and inspired from the heart of Italian Excellence in stone, the Planet Tuscany Quartz Range by Levanto Quartz is a greater extension of the Calcatta Rocky Range. The milky White background allows for multiple shades to play their game. The light Grey Liquid Veining and the natural look makes the stone appear charismatically Natural Italian Marble like in looks. The marble pattern is further heightened in beauty with the cross veining and the bottom to up complete surface coverage of the pattern. This gives it the circular random effect that makes this stone piece a distinct choice.

CALACATTA ORO | LQ-10

Oro means from the mountains and that is where the best stone is found that makes your decor expression so vibrant. Inspired from the same idea this exclusive stone range has the major qualities that you wish to look out for in the stone of your choice. It is an exclusive design with looks and appearance like a perfect white marble making it the marvel and treat for the eyes. Heightened further with taupe coloured veining which is infused with occasional gold stained highlights on a milky white backdrop makes it irresistible and a must have. The smooth grain less surface backdrop allows the play of all colours as if a game is on display
